

# **Test Track Program**

**Would you buy a car without first driving it?  
Of course not!**

Then why would you make a long-term commitment to a sign company with whom you have no real world experience?!

Many sign companies look great on paper but when the rubber hits the road, they run out of gas.

At **Jones Sign**, we're better and we'll prove it with our revolutionary **Test Track Program**. From survey to sign off, we'll brand three stores at your current pricing, using your current specifications. No further commitment required.

Take Jones Sign for a spin today and join these and other satisfied customers!

*"Jones Sign was there from day one (1). They clearly understand what it takes to maximize signage opportunities. Their upfront work is thorough with excellent communication on every assignment. We look forward to their help on many projects in the future".*

*Allen Kieffer / Vice President Construction Guess?*

*"How does Jones Sign help Toys R Us? They assigned a dedicated account manager and project manager providing us a single point of contact during the proposal and construction phases. During 2007 we changed our logo colors and needed their help in a very short period of time to convert to the new brand. Jones got it done".*

*Tom McGee / Director of Design Toys R Us/Babies R Us*

*"We have enjoyed working with Jones Sign and appreciate you stepping up to the plate and taking care of Flying J and PDG, Inc. We think you are a top notch sign vendor and hope that we will continue to do business together".*

*Kristi Jones / Buyer Flying J*

*"As we wrap up another hectic but exciting year, I wanted to personally thank you for all of your time, efforts and talents that helped make our 2007 store openings so successful! We opened a record number of new stores this year, as well as executed a record number of retrofits. All were successfully completed with dazzling results, as always. We are very aware of the role Jones Sign plays in this success and we express our deepest gratitude".*

*Monica Matthias / Project Manager Bass Pro*
